Cable Gland

Backed with huge industry experience and market understanding, we are involved in manufacturing a wide variety of Brass A1 A2 Cable Glands for our valued patrons.

We specialize in manufacturing safe, leak proof, flameproof and explosion proof glands to avoid all mishaps & prevent any hazards to the health & property.

CW 2 Part and 3 part and 4 part

MS Copper Bonded

It is designed using optimum quality brass material and using modern technology to ensure its flawless performance.

Our organization is well known in the market for providing a broad assortment of Brass Cable Gland to our clients. These products are manufactured using quality tested components.

nickel-plated brass, from -40 °C to +100 °C, do not remove or move the gasket; tighten on a flat and smooth surface.

Brass, Double Compressor, Polished.

Copper And Aluminium Lug

Cable Lug, Copper and Aluminium, Welding, Conduct Electricity, Transmission of Electrical Signals, Power

Lugs and Joints, Bimetallic Lugs and Connectors

Copper, 5 Inch

Compression Type, Aluminum Terminal ends, for crimping to XLPE Conductors

Copper, High Temperature Resistance, Round

Silver, copper, silver, Ring Terminal

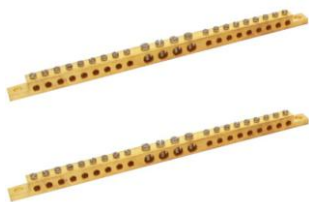

ILSCO Mechanical Lug, One Conductor, Mechanical connection, Dual Rated, Aluminum material, Tin plated connector, 1 mounting hole(s), mounting bolt/stud size 1/4 in, UL 486A/B Listed, UL 467 Listed, C22.2 No.

Eastern Enterprise manufactures Best quality crocodial terminal available in high quality, made from brass. Buyers from all india can contact

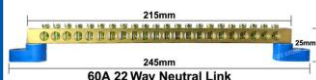

Brass Neutral Link

250-amp stud-only earth/neutral
bar - 6xM10 studs with feet
The Australian-manufactured
stud-only earth/neutral bar
comes with feet.

Supported by a team of highly skilled professionals, we are involved in offering a wide array of Brass Electrical Part that is intricately designed using premium grade raw material and avant-garde technologies in complete tandem with universally accepted norms of quality.

The products we offer are used in varied electric apparatus for enhancing their performance and longevity.

We are engaged in offering a wide and exotic assortment of Brass Temperature Sensor Parts for high temperature sensors. Brass Temperature Sensor Parts that we offer are manufactured following industry norms and standards.

Brass Free Cutting Grade I, Grade II, Grade III Lead Free, DZR Brass, Copper C101/CW004A Beryllium Copper, Chromium Copper, Steel, Aluminium, Bronze NES833, CA 104, PB1, Pb102, Any Other Equivalent Grades

- Free cutting brass IS 319-1 type
- High grade free cutting brass
- Free cutting brass as per BS 249 type.
- Any brass material as per customer Composition & Specification.

Size : 6mm 2 , 10mm 2 , 16mm 2 , 25mm 2 , 35mm 2 , 50mm 2 , 70mm 2 , 95/100mm2 , 120mm 2 , 185 mm 2 , 240mm 2 , 300mm 2 , 400mm 2 .

Material: Brass CDA 360, Copper, Aluminium

Material : Brass
Surface : Polished
Packaging Size : As per customer need
Packaging Type : Packed in Good Quality Box
Size : Multisize
Features : Precisely engineered, Durability, Accurate dimension

Thread Size : 2 mm - 32 mm
Threads : ISO Metric, BSW, BA, BSF, UNC, UNF, UNEF
Finish : Brass natural, Electro-Tinned, Nickel
Material : Brass
